DigiBoard - Trim and Tape Range

This range of products are ideally suited to quantities from 25 to 250 sheets, therefore all products require trimming with a guillotine and some require fixing using double sided tape.

CD Wallet - Trim & Tape

003R96821

Wine Sleeve - Perf & Tab
003R96923

[1]Wine Box Inner (Non Printable)
003R96920

[1]This product cannot be printed on. The printable Wine Sleeve wraps around this box to give the look of a printed carton.
[2]This product cannot be printed on. The printable Gift Box Lid fits on top of this box base.
DigiBoard - How it Works

Step 1...

Take a pre-creased DigiBoard sheet.

Step 2...

Print with a Xerox digital press.

Step 3...

Trim with a guillotine or simply tear off excess board.

Step 4.

Fold and make up.
